

**Graduate School of Mathematical Sciences, The University of Tokyo
Recruitment Information for Associate Professor**

1.	Title and Hiring Numbers	Associate Professor, one position or two positions
2.	Starting Date	April 1, 2025, or the earliest possible occasion after that date
3.	Term of Employment	Non fixed term.
4.	Probation Period	6 months from the date of employment
5.	Place of Work	Graduate School of Mathematical Sciences, The University of Tokyo (3- 8-1 Komaba, Meguro-ku, Tokyo)
6.	Field of specialty	Not specified but see the item Qualification Requirements below.
7.	Contents of Work Duties	<ol style="list-style-type: none"> 1) Lectures and exercises of mathematics classes for first year and second year undergraduate students. 2) Lectures and exercise classes for third year and fourth year undergraduate students and for the graduate students. 3) Other educational or research jobs at the graduate school.
8.	Working Hours	Discretionary work system for professional work applies and working hours will be deemed as 7 hours and 45 minutes per day.

12.	Insurance	You will be enrolled in the insurance from the Mutual Aid Association of MEXT (Ministry of Education, Culture, Sports, Science and Technology) and Employment Insurance.
13.	Qualification Requirements	<ol style="list-style-type: none"> 1) The candidate should possess or is expected to obtain a doctoral degree by the starting date. 2) The candidate should be able to give lectures of mathematics classes for first- and second-year undergraduate students, as well as lectures in the field of specialty at the Graduate School of Mathematical School and should also be able to supervise graduate students.

14.	Documents to be Submitted	<p>1) Resume (Please download the resume from the website below.) https://www.u-tokyo.ac.jp/en/about/jobs.html If you have a name for professional use, please indicate it in Remarks.</p> <p>2) List of publications in which the 3 most important articles are marked.</p> <p>3) PDF files of articles (may include preprints), up to 5.</p> <p>4) A summary of past research activities.</p> <p>5) Research plans. . (You may add a plan of education and supervision at the Graduate School, at most 1-page A4)</p> <p>6) Plan on promoting diversity. The Graduate School of Mathematical Sciences is aware of the importance of creating a more inclusive environment, as stated in the document “pursuing harassment free Graduate School of Mathematical Sciences and Department of Mathematics” https://www.ms.u-tokyo.ac.jp/news/h_sengen.pdf (in Japanese) and the University of Tokyo has adopted the University of Tokyo statement on Diversity and Inclusion https://www.u-tokyo.ac.jp/ja/about/actions/di01.html</p> <p>7) Three names of possible referees with their e-mail addresses.</p>
15.	Submission Method	<p>Zip the electronic files of above documents in one file and upload it using the link below. https://forms.gle/i2zvKwYrvV9AtYVU7 (A Google account is required.) If you are not able to upload the file at the link, you may send it by email to math-application@ms.u-tokyo.ac.jp as an attached file with Subject: application to the assistant professor position. * Please contact us if you do not receive an acknowledgement of receipt of your email from the University within 3 days.</p>
16.	Application Deadline	<p>Applications must arrive by June 30, 2024 (JST). We will not accept any applications that arrive later.</p>
17.	Contact	<p>3-8-1 Komaba, Meguro-ku, Tokyo 153-8914 Graduate School of Mathematical Sciences e-mail: math-application@ms.u-tokyo.ac.jp</p>
18.	Name of Recruiter	<p>The University of Tokyo</p>
19.	Status of measures to prevent second-hand smoke	<p>No smoking on site (Designated outdoor smoking areas are available)</p>

20.	Other	<ol style="list-style-type: none">1) Personal information obtained will only be used for recruitment purposes.2) We welcome proactive application from women in accordance with “The University of Tokyo, Declaration for Promoting Gender Equality (March 3, 2009).”3) We will take into account any periods during which you were on leave for maternity, childcare, illness, nursing etc. if indicated in the resume.4) For applicants who have not received mathematical education in Japanese at university, nor have experience lecturing mathematics in Japanese at university, they may be asked to submit a video explaining mathematical concepts at the level of first or second-year university in Japanese.5) If you are personally in contract with foreign governmental bodies, corporations or universities, or if you are in receipt of a large benefit (financial or any other form) from foreign governmental bodies during the period of your employment, the provisions of the Foreign Exchange and Foreign Trade Act (FEFTA) may prohibit or restrict the sharing of technology that is designated as controlled technology and, as a result, this may make it difficult for you to fulfill your duties as an academic or as administrative staff of the university. Therefore, in such cases it is necessary to keep such contracts/benefits within a scope where they do not hinder the sharing of technologies for your duties at the university.
